5129 S 110th E Ave, Tulsa OK 74146 | www.lawnamerica.com | 918-249-5296

We make lawns and landscapes more beautiful, while giving our customers more free time to enjoy. LawnAmerica provides fertilization and weed-control services to residential and commercial properties. We also provide tree & shrub services, seeding, insect & disease control, Christmas Décor, mosquito control, and ice & snow control for commercial properties.

Brad Johnson started the company in 1999 (his 3rd lawn care company) in Tulsa, and will be serving over 15,500 customers in Tulsa, Bartlesville, NE Oklahoma, as well as in Oklahoma City, Charlotte, and Asheville, NC. We are recognized by many as the best lawn care company in the Tulsa area, and are the largest of our type in Oklahoma, with a budget of over \$8.9M in 2017.

In September of 2016 Thomas Tolkacz of Swingle Lawn, Tree & Landscape Care in Denver, CO became an owner in LawnAmerica bringing with him the experiences and resources of a successful 70 year old company to help us continue to grow and provide opportunities to our employees and the communities that we serve.

Our Mission:
Stay Ahead of the Pack.
 John Swingle, 1947

Our Staff

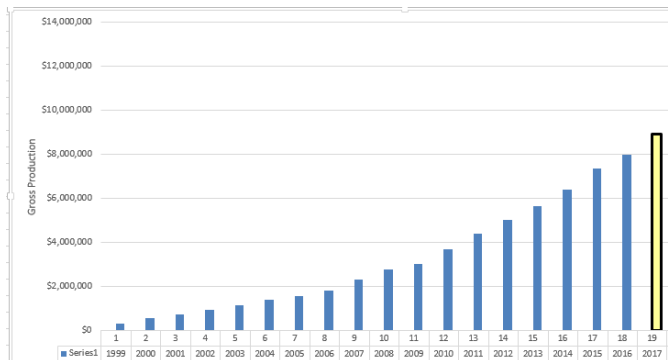

Much of our success can be attributed to the quality of people we have at LawnAmerica. We currently have a full-time staff of over 60 great people.

While far from perfect, we strive to be great at what we do, and enjoy doing it! We often work in teams in serving our customers.

The better job we do at pleasing our customers, growing, and being profitable, the more our team members are rewarded with incentives and profit sharing.

We realize that people like to work with nice, friendly, professional, and caring people, so that's part of what we look for in hiring new team members.

LawnAmerica Total Production 1999-2017

Vision Statement

- We will continue to be the leader in lawn, tree and landscape care.
- We are committed to traditional values, legendary service, loyalty to our customers, and respect for our employees.
- We will remain innovative, environmentally conscious, and unequalled in quality and safety.
- We are dedicated to establishing standards to which the industry can aspire and our customers will value, while realizing a fair profit from our talents and success.
